Wittenberg fraternities and sororities have thrived on campus for over 149 years providing lifelong friends, engaging students in leadership opportunities, encouraging volunteerism through campus and community service activities and philanthropic events, and creating success for those involved.

No matter who you are, where you are from, or your personal beliefs, fraternity and sorority life at Wittenberg has something to offer you. That’s why over 40% of Wittenberg students join a sorority or fraternity!

Wittenberg fraternities and sororities are organizations based on values such as academic excellence, service to others, mutual respect, and self-governance. Organizations and members are expected to uphold high standards and therefore, require high standards for membership.

Raising the standard:

The involvement of sorority and fraternity members in leadership capacities on campus further illustrates the value of sororities and fraternities. In April, 211 members were honored at the annual university Honors Convocation including 8 of the 13 Presidential Scholars and both the Alma Mater and Alma Lux recipients, Wittenberg’s highest individual student awards. And 2015 was not an unusual year.

Recruitment Eligibility:
To be eligible for membership in a Wittenberg fraternity or sorority, a student must have completed 12-15 college credits with a minimum 2.75 cumulative GPA, or have completed 16 credits with a minimum 2.50 cumulative GPA (most chapters require higher academic and other standards). This is higher than the university’s stated standards.

No Tolerance for Hazing:
Wittenberg University and all national fraternity & sorority organizations represented here share a NO TOLERANCE policy toward hazing activities. Accusations of hazing are taken seriously by the University, (inter) national organizations, and the Interfraternity and Panhellenic Councils.
