STUDENT ATHLETE HOUSING INFORMATION

Helpful information to help you through the housing assignment process as a student athlete

RESIDENCE HALL ASSIGNMENTS:

- There are no designated halls in which athletes are housed. Our athletes are housed in every residence hall around campus. Each incoming student is asked to enter their hall choices in the order of preference into the housing survey so we know which halls each student prefers and will do our best to assign accordingly. Students cannot, however, be guaranteed assignment to any particular hall. Our roommate matching system first looks at the person with whom he/she is the best match (on paper) and then searches for the top hall choice they have in common, taking into consideration the person with the earliest deposit date.

ROOMMATE ASSIGNMENTS:

- Your coach may suggest a roommate for you. However, he/she cannot actually match you with that person. It is the responsibility of each incoming student to request a specific roommate in the housing survey if a particular roommate is desired. You may choose to be matched randomly with or without another student athlete by checking the appropriate section of the survey.

- If your coach suggests someone as a roommate for you and you wish to room with that person (it is not mandatory), you must enter that person’s name in the roommate preference section of your housing survey and that person must also enter your name into his/her survey before the survey submission deadline (June 1 for the first housing group; July 25 for the secondary housing group). Be sure and discuss your hall choices and enter the same halls in the same order of preference.

- If you or your intended roommate fail to enter each other’s names, if your intended roommate has already been matched with another student, or if the information is incomplete, you will be matched with another student based on your survey answers.

- If you complete the survey and then find someone you want to room with or want to make a change to your survey answers, you may go back to the survey and enter that person’s name before the June 1 or July 25 match deadline (that person will also need to enter your name before the respective deadline). Because roommate assignments will occur immediately after the June 1 and July 25 deadlines, roommate requests after these deadlines cannot be honored.
